Swamp cooler - \$200 (Lakewood)

Adobear MW5500 window unit evaporative cooler. Well used and blows cold. I used this all last summer. I added a flush pump to ensure the water stays fresh. The fan has rust on it and the cover needs some work if you want it on. I just left it off.

Here's a link to the owners manual http://www.managemylife.com/mmh/owner_manuals/12000/ADOBELAIR-Evaporative-Cooler-L0406096

Jenn Air Gas Downdraft Cooktop - \$50 (denver or golden)condition: **fair**size / dimensions: **30 in x 21.5 in**

We are remodeling our kitchen and this Jenn-Air Gas Cooktop will be available the first week of November after we demo...we are using it until then. I have the original installation instructions with measurements and how to install.

It is 30" long and 21.5 inches wide. There are 2 burners with a griddle but you can replace the griddle with the additional pieces shown in the pictures. There is no hood needed because it drafts downward through the countertop.

This is a Jenn-Air Convertible Gas Grill Cooktop Series JGD8130/JGD8345 if you want to look it up online. Email me if you have any questions.

I live in Golden but can work in Denver so can deliver to either place.
