Track Lighting With 48 Lights #### - \$130 (Westminster)

If you want a response to your email, include a name and phone number or I won $\tilde{A} \notin \hat{a}, -\hat{a}, \notin t$ respond.

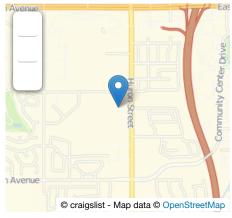

We have a large track lighting setup for sale. It could be reduced back to the size you need real easily. There are 48 black lights and about 30 pieces of track ranging from $4\bar{A} \not e \hat{a}, \neg \hat{a}, \not e$ to $5\bar{A} \not e \hat{a}, \neg \hat{a}, \not e$ long. I think we only have one electrical attachment so if you want to use it in more than one location you would need to additional connections. These will operate on the house hold 120V electrical system. The lighting system is from Prescolite and you can go to their web site to purchase additional parts. I didn $\bar{A} \not e \hat{a}, \neg \hat{a}, \not e$ t see any pricing on the site, but at about \$3.75 per light and the track thrown in, this is a great buy. The track system was attached directly to the wall so there aren $\bar{A} \not e \hat{a}, \neg \hat{a}, \not e$ t hanging brackets.

We are pricing these cheap to keep them out of the landfill. The total package is reduced to \$130.

I can be reached by email M-F.
