## EXPERIENCE

**BOULD // Co-Founder and Director of Sustainability** *October 2010 - present*

- Responsible for setting company strategy and vision, program expansion and architecting curriculum.
- Managed a four-person staff, championed a seed round of investment and grew company revenue by 150%.
- Generated over \$200,000 in cash flow including earned revenue, angel investment, grants, and awards.
- Designed and led a green building training tour: 8 days, 3 cities, 100+ trained and 11 projects supported.
- Built and managed financial and programmatic partnerships with 15 leading universities and/or sustainability organizations.

**Flatirons Habitat for Humanity // Sustainable Building Associate** *August 2009 - May 2011*

- Championed the development of a project-based green building training program for professionals
- Regulated compliance of the organization's pursuit of eight LEED Platinum affordable housing projects
- Secured a grant of \$50,000 to install a solar photovoltaic system for four homes, reducing homeowner utility bills by 50%.

**U.S. Green Building Council Colorado // Program Intern** *Spring 2010*

- Successfully co-wrote an ARRA grant in conjunction to support a green building training program and support affordable housing.
- Oversaw scholarship recipients and developed an education curriculum and green project management process.

## EDUCATION

**Miami University, Oxford, Ohio // Bachelor of Arts: Architecture, 2009**

- Undergraduate curriculum emphasizing interdisciplinary studies, collaborative work and eight semesters of design studio.

**Kent State University, Florence, IT // Semester Abroad, 2008**

- Studio and travel-based curriculum hosted in Florence, Italy. Emphasis on graphic representation and design thinking.

## FELLOWSHIPS

**2012 The Unreasonable Institute Fellow**

- One of 25 Fellows selected from a pool of 300 worldwide ventures to participate in this six-week residential accelerator program focused on scaling social enterprise and positively impacting one million people. Crowd sourced \$10,000 in 30 days to participate in program.

**2012 Hitachi Foundation Yoshiyama Young Entrepreneurship Fellow**

- One of four ventures selected for a two-year fellowship and \$40,000 award. Six-month application process designed to recognize the top young professionals tackling domestic poverty through entrepreneurship.

**2012 Huffington Post Millennial Impact Challenge Awardee**

- A national voting campaign, hosted by the Huffington Post, designed to recognize the top 15 social/environmental innovators, under 30 years old.
